

Please help St. Dominic School to continue to acquire the most current instructional technology!

Participation in St. Dominic's Food Certificate Program can also save you \$150 at re-registration next year. It's easy and costs you absolutely nothing to participate.

Here's how the program works:

1. Determine where you like to shop for food (Shop-Rite, Pathmark, Foodtown, Stop & Shop, A&P) and the amount you usually spend.
2. Send your child into school with a check made out to St. Dominic School in the red envelope, and the name of the store you wish to shop. Gift cards are available in denominations of \$25, \$50, and \$100. The cards will be sent home the same day with your child.

If you prefer to make the purchase in person, our Food Certificate coordinators are available on school days from 9:00 am – 12:00 pm. You may also make your purchase from the school office during school hours and **on the weekends after the Saturday evening and Sunday morning Masses.**

3. Spend your food gift cards like cash or like all other gift cards/certificates. It's that easy!

Benefits to participants:

Participants who purchase \$2500.00 in food gift cards from May 2012- April 2013 will not be charged a computer fee of \$150.00 at re-registration time!

Benefits to St. Dominic School:

Participating stores reimburse St. Dominic School 5% of purchased certificates/gift cards. 100% of the profits of this program are spent for technology for St. Dominic School. The greater the number of families participating in this program - the greater amount of technology for the students of St. Dominic's! It's that simple!
