

Dear Parents,

Keeping parents informed and involved helps to assure student safety and improve student success. With today's on-the-go lifestyles, it has become more difficult for schools to reach families quickly and effectively. This is why our school uses a system called Instant Alert™ for Schools.

Instant Alert for Schools is an essential tool for notification and communication. Within minutes of an emergency, school officials can use Instant Alert to deliver a single, clear message to the students' parents or guardians by telephone, cell phone, e-mail, pager or PDA in any combination. Instant Alert can also be used to notify you of a school closing due to inclement weather. It's an equally effective way to keep you informed of everyday activities, such as event times and locations as well as schedule changes.

Instant Alert is Internet based, allowing each family to maintain a secure, password protected online profile. Attached to this letter is an instruction sheet for accessing the system and creating your profile. You can log into your profile at any time to update your contact information. Maintaining the accuracy of your profile will increase the ability of the school to keep you informed.

Your online profile will enable you to:

- Input your personal contact information
- Select which type of school information you would like to receive on each of your contact devices
- Add contact information of other caretakers of your children, such as a grandparent or neighbor

The system will be ready for new parents to use at <https://instantalert.honeywell.com> as of August 1st. **To receive important school emergency information, as well as non-emergency information, all parents must read and complete the directions on the attached page.** If you do not have access to a computer or need assistance with your profile, please contact the school office at (732) 840-1412.
